

DOWNTOWN FARMERS' MARKET

The Downtown Farmers' Market presented by UnityPoint Health – Des Moines is held every Saturday, May through October, in the Historic Court District of Downtown Des Moines (DSM) and is truly *the meeting spot!*

Shop diverse products including locally grown produce, seasonal flowers, farm fresh eggs and cheese, locally produced wine and fresh baked goods. The Market offers Iowa-raised meat including beef, pork, bison, chicken, turkey, goat, rabbit and lamb. The Market brings urban and rural communities together, supporting more than 300 entrepreneurial vendors from across the state.

Spanning nine city blocks, *we've got the beet!* The Market experience also includes local artists, live music and entertainment, ready-to-eat foods, special programming and learning opportunities.
