Banner designs are subject to approval by the Des Moines City Council and must be in accordance with the City of Des Moines regulations and The Greater Des Moines Partnership (The Partnership) banner policy. Organizations that are not located in Downtown Des Moines will not automatically be given first right of refusal.

If banners decline storage, it is up to the organization renting the poles to coordinate with The Partnership on what to do with them after removal.

DESIGN TIPS

In general, keeping the message to one-third of the banner space and the artwork to two-thirds will make an attractive large-scale outdoor banner.

- Bold and simple design elements
- High contrasting colors (designs may feature unlimited color)
- Vivid colors (pastels get washed out in the sunlight and earth tones get lost because the buildings behind them are often earth tones)
- Large, bold font
- Very limited text
- Limited detail (intricate designs, pictures, and fonts are hard to see from a distance)
