R&D OPPORTUNITIES

Iowa State University's College of Agriculture and Life Sciences is one of the world's leading institutions of agriculture, with more than 160 years of leadership in science, education and extension. Comprised of eight different colleges, including the College of Agriculture and Life Sciences, Iowa State is among the most influential land grant institutions in the nation.

Internationally Recognized

Iowa State University's agricultural programs rank in the

TOP 4%

worldwide among other agriculture and forestry institutions.

— QS World University Rankings, 2020

BioCentury Research Farm (BCRF)

The Iowa State University BCRF is the first-in-the-nation integrated research and demonstration facility dedicated to biomass production and processing.

Center for Crop Utilization Research (CCUR)

CCUR provides cost-effective research solutions for clients to test new products and processes without interrupting their own full-scale production systems, enabling companies to start new businesses or expand existing ones.
